Darrell-

This will confirm information relayed to you in our telephone conversation:

Answer to Question #1- Yes, in January '99, dsl.net, inc. received \$3.5 million that was referred to in earlier financial statements as "preferred stock receivable."

Answer to Question #2- Vantage Point Ventures Partners, Prism Ventures, Oak Investments, and Vantage Point Ventures provided private funding for dsl.net, inc. which is the parent of DSLnet Communications, LLC. DSLnet Communications, LLC receives monies from its parent company. There is only one company - Vantage Point Ventures Partners, however two funds from that one company provided private funding to dsl.net, inc.

Hope this information is helpful. In addition, dsl.net, inc. is looking forward to closing in approximately three weeks on an additional \$30 million.
